

California Health and Human Services Agency
Repeal of California Code of Regulations (CCR), Title 22, Division 8, Chapters 4 and 5

Justification of Changes Without Regulatory Effect
CCR, Title 1, Section 100 (Editorial)

The regulations found at CCR, Title 22, Division 8, Chapters 4 and 5 are what remain of regulatory activities related to civil rights grievances, investigations, and enforcements which gave the Secretary of the California Health and Human Services Agency (HHSA) with oversight authority of civil rights activities in several state agencies.

Senate Bill 1442 (Chapter 870, Statutes of 2016) (Liu) was passed in 2016, altering the oversight authority for these civil rights activities by moving it from the HHSA to the California Department of Fair Employment and Housing (DFEH). DFEH is currently drafting its regulations to establish its oversight authority.

Because the HHSA no longer has oversight authority regarding these civil rights matters, the CCR Title 22, Division 8, Chapters 4 and 5 regulations are no longer necessary and may be repealed. In the interest of minimizing the potential for public confusion once DFEH has its regulations in place, the HHSA is pursuing this CCR Title 1, Section 100 process to repeal these regulations, placing all regulations related to these civil rights matters with DFEH.
